Alüminyum üretim alanında yıllar boyu geliştirdiğimiz üretim teknikleri, bilgi ve tecrübe ile ham alüminyum malzemeyi, kendi bünyemizde bulunan döküm ve boru fabrikalarında işleyerek mamül haline getiriyoruz.

Korel Elektronik Sanayi ve Ticaret A.Ş. 2015 yılında alüminyum bisiklet ile bisiklet sektöründe kullanılan tüm alüminyum parçaların kendi imkanları ile üretimi için yeni bir yatırım kararı almıştır. Alüminyum kadrolu bisikletlerin her gelir grubundan bisiklet severlere ulaştırılabilmesi amacı ile geliştirilen projenin sonucunda, bisikletlerimizin dünya bisiklet pazarına sunulmasına karar verilmiştir. Tamamen kendi imkanları ile kendi alüminyum kadrosunu üretebilen Korel Elektronik Sanayi ve Ticaret A.Ş., alüminyum malzeme üretim konusundaki bilgi ve deneyimini bisiklet üretim alanında da kullanarak bisiklet sektöründe yeniliklerin öncüsü olacaktır.

25.500 m2 kapalı alana sahip bisiklet fabrikamızda, kadro üretimi için robotik kaynak bölümü, T4 - T6 fırın bölümü, boyahane, montaj hattı, etiket uygulama hattı ve kadro test laboratuvarı bulunmaktadır. Korel Elektronik Sanayi ve Ticaret A.Ş. olarak amacımız sıfır hata ile üretim yapmak ve alüminyum kadro ile üretilen bisikletlerin konfor ve hafifliğini her gelir grubundan bisiklet kullanıcısına ulaştırabilmektir. Dünya bisiklet endüstrisindeki gelişmelere paralel olarak ürün çeşitlerinde ve teknik özellikleri itibari ile tamamen yeni bir ürün yelpazesi hazırlayarak beğenimize sunmuş bulunmaktayız.

With the production techniques, knowledge and experience we have developed over the years in the field of aluminum production, we process raw aluminum material into finished products in our own casting and pipe factories.

Korel Elektronik Sanayi ve Ticaret A.Ş. In 2015, it made a new investment decision to produce aluminum bicycles and all aluminum parts used in the bicycle industry with its own facilities. As a result of the project developed with the aim of delivering aluminum frame bicycles to bicycle lovers from all income groups, it was decided to introduce our bicycles to the world bicycle market. Korel Elektronik Sanayi ve Ticaret A.Ş., which can produce its own aluminum frame with its own resources, will be the pioneer of innovations in the bicycle industry by using its knowledge and experience in aluminum material production in the field of bicycle production.

Our bicycle factory, which has a closed area of 25,500 m², has a robotic welding section for frame production, a T4 - T6 oven section, a paint shop, an assembly line, a label application line and a frame testing laboratory. Korel Elektronik Sanayi ve Ticaret A.Ş. Our aim is to produce with zero errors and to deliver the comfort and lightness of bicycles produced with aluminum frames to bicycle users from all income groups. In parallel with the developments in the world bicycle industry, we have prepared a completely new product range in terms of product types and technical features and presented it to your liking.
